## BUDAPEST OBJECTIVE OF FORMER EMPEROR

(By Associated Press)  
LONDON, March 31.—An Exchange Telegraph dispatch from Paris says it is reported that a majority of the Hungarian troops have rallied to the standard of ex-Emperor Charles, who will march on Budapest.

There is no authoritative confirmation from other sources of the report that ex-Emperor Charles contemplates moving on Budapest. Direct advices from Hungary so far have not indicated any notable degree of support for the ex-ruler from army circles, although it was said that in stepping at Steinamanger, on the Austrian frontier of Hungary, that Charles had hopes of persuading the military forces there to support his cause for restoration.

(By Associated Press)  
VIENNA, Austria, March 31.—Reports received by various newspapers here are to the effect that ex-Emperor Charles has proclaimed a military dictatorship at Steinamanger, and that General Lemar was said to be ready at the head of 15,000 troops to march on Budapest and by force, if necessary, restore Charles to the throne.

Republicans here exultantly declare the visit of former Emperor Charles to Budapest and the fiasco attending his attempt to regain power, has dashed away whatever chance there may have been for the restoration of a monarchy either in Hungary or Austria. The monarchists reluctantly admit that restoration seems impossible.

The Weimer Journal announces that 20,000 Jugo-Slav troops have been massed in Varsadin, Croatia, with the intention of marching on Steinamanger and preventing the restoration of the Hapsburgs by all means.

It is unofficially reported here that Admiral Horthy, Hungarian regent, has resigned, and will let events take their course, but the report is not confirmed. It is also reported that former Emperor Charles is on his way to Budapest from the frontier, and that the army adhering to his cause is on the move.

Further reports are to the effect that 100,000 men from the west Hungarian garrisons have rallied to the colors of General Lehar, the reported military leader in the movement from Steinamanger to cause the restoration of Charles. The royalists have proclaimed martial law in west Hungary.

## PLANS MUST ABSORB MUCH FEDERAL AID

Federal aid for roads in Nevada to the amount of \$900,000 must be absorbed by agreement with the United States bureau of public roads before July 1, to prevent the money from reverting to the government and being diverted to other states. The Nevada state department of highways does not anticipate, however, that any of the money will be lost to this state, as the Carson office is prepared to submit within a very short time plans on work that will represent the expenditure of a total of approximately \$1,400,000 and the branch office at Las Vegas will within 30 days have completed plans for calling for \$400,000 worth of road work in Clark county.

## SALVATION WOMEN GOING TO JAVA

(By Associated Press)  
HONOLULU, T. H., March 31.—Three Salvation Army women from the European corps passed through Honolulu recently on their way to Java to devote the remainder of their lives to work among the lepers there. All were under 30 years of age. They were Captain Germaine Butler from France; Captain Mary Olvick from Norway and Captain Elizabeth Brooks from England. Members of the party said there were 3000 lepers in Java.

## 14 MISSING IN ATTACK ON POLICE BARRACKS

(By Associated Press)  
CORK, Ireland, March 31.—An attack was made this morning upon the police barracks at Ross Carberry, County Cork, which resulted in serious casualties to the occupants of the barracks. Fourteen of the police are missing and it is believed five were killed.

The official report of the affair says the attack was made by civilians at 2 o'clock this morning. The front wall of the barracks was blown in by explosions and bombs were thrown into the interior while a heavy rifle fire was maintained on the building.

The police held the barracks until the room in which they were concentrated took fire, when a few escaped by an upper window.

## CASE DECIDED A SECOND TIME

The supreme court, in an unanimous decision written by Chief Justice Sanders, has dismissed the appeal in the case of Phoebe J. Gulst against John Gulst. The plaintiff was awarded a verdict for \$3000 in the lower court for money claimed to have been advanced by her husband to the defendant for the purchase of a saloon building and gambling outfit at Beatty. In 1918 the supreme court reversed the judgment in favor of the widow. She was later permitted by the district court to file an amended complaint. John Gulst's attorney protested this proceeding, claiming that a new cause of action was thus instituted and he appealed from the filing of the new complaint.

## WOMEN JOURNALISTS FORM ORGANIZATION

(By Associated Press)

It is never fair to judge the character of a city by that of persons who register on the police court docket.

## STATE MAY IMPEACH OKLAHOMA GOVERNOR

(By Associated Press)  
OKLAHOMA CITY, March 31.—Although the report of the house investigating committee, which was submitted yesterday, in which the impeachment of Governor Robertson was asked, was being printed as rapidly as possible in order to allow the house to vote on adoption, little hope was expressed that the vote could be cast today.

Governor Robertson is charged with "gross neglect, corruption in office, and unwarranted use of executive powers."

## BRITAIN IS TRYING TO NEGOTIATE FOR PEACE

## DENIES TOURISTS ARE MISTREATED BY THE JAPANESE

(By Associated Press)  
TOKIO, March 31.—Reports from the United States of alleged mistreatment in Japan purporting to come from returned travelers from the Orient have caused Mr. C. Inomata of the Japan tourist bureau to issue a denial of such charges.

Mr. Inomata's statement is contained in a letter written to San Francisco for the purpose of letting would-be travelers know that contrary to stories circulated in the United States in some quarters, travel in this country is as safe as it ever was.

In explaining the letter Mr. Inomata said that if such reports continued in the United States it would mean a serious injury to tourist trade not only to the travel in Japan but to the entire Orient, for the reason that Japan has in the past been one of the chief attractions to those contemplating oriental tours.

"We feel that Japan is being misrepresented in America," the statement says in part. "This emphasizes the importance, not to say necessity, of more Americans coming to Japan. Japan should not be judged by utterances, spoken or printed, of prejudiced or self-interested people. The truth of these utterances should not be blindly accepted, but tested by personal observation and experience."

"American tourists in Japan, many of whom call at our office, are unanimous in their expression of satisfaction regarding the treatment they have received in this country. Americans are assured of courtesy and politeness and the good-will of our people."

## INQUIRY TO BE MADE OF MISSING BALLOON

(By Associated Press)  
WASHINGTON, D. C., March 31.—Acting Secretary Roosevelt has begun a personal inquiry into the flight of the naval free balloon, which has been missing since March 22, the day it left Pensacola, Florida, with five men aboard.

Secretary Roosevelt said the Pensacola affair, coming so soon after the balloon flight from Rockaway, Long Island, to Moose Factory, Ontario, would undoubtedly result in the tightening up of orders regarding such flights in the future.

## BURKE GIVEN APPOINTMENT

## VALUES IN GIANT ORE INCREASING

Several persons visited the new underground workings in the Giant Lively mine today and all are of the opinion that the Giant will be attracting attention in the next few days. The north drift on the 27-foot ledge in the 275 northwest corner on the 450-foot shaft level, which is now in 12 feet on the hanging wall side, shows considerable quartz, which is impregnated with silver and which gave an assay of \$22.18 yesterday. Each round of holes broken shows the formation changing and seams of ore appearing, proving that the distance is short when they will make into a permanent ledge with high-grade values. This is the character of rock of the Divide that makes into larger orebodies. If there ever was a prospect that looked good, that prospect is in the Divide Giant, and it is improving daily. It would not be surprising that if in the next few days the Giant has blasted into commercial ore. Visitors are welcomed to inspect the new development in order that they may see with their own eyes the encouraging showing.

## AMERICANS RELEASED FROM JAIL IN GERMANY

(By Associated Press)  
MOSBACH, Germany, March 31.—Carl Neuff and Franz Zimmer were released from prison today. The sentences of the men, both of whom were attached to the American army of occupation, and who were under confinement for an attempt to abduct Grever C. Bergdoll, draft evader, were remitted by the Baden government.

(By Associated Press)  
WASHINGTON, D. C., March 31.—It was not stated at the war department whether any further action will be taken against Zimmer, who was released in Germany today, and who is a sergeant in the army and therefore amenable to military justice because of the attempt to kidnap Bergdoll at Eberbach, Baden. Neuff is understood to be an agent of the department of justice assigned to military intelligence duties.

High war department officials, in commenting on the release of the men, characterized their action in attempting forcibly to compel Bergdoll to return with them to Coblenz as "imprudent but high-minded."

## ELKS WILL RUN SPECIAL TRAIN

The train would leave Goldfield Saturday morning, returning to that city Thursday night. It is believed the number of persons required to fill the three cars will be available. 25 persons to each Pullman coach. The railroad people are in Tonopah today talking Elks' convention.

## MANY JAPANESE OPERATING FARMS

(By Associated Press)  
HONOLULU, T. H., March 31.—Nearly 1000 more Japanese were operating farms in Hawaii on January 1, 1920, than there were on April 1, 1910, according to figures called from the 1920 industrial census report. The report gives the number of Japanese operating farms in the territory in 1920 as 3098 as against 2128 in 1910. Japanese owning farms in 1920 totaled 158.

The Chinese farmers, on the other hand, showed a decrease in the same period. In 1910 there were 576 and in 1920 only 540. Hawaiian farmers increased in total from 463 to 679. White farmers total 932. Female farmers total 232.

The total number of farms in Hawaii according to the report, is 2281, containing 2,702,345 acres, of which 425,242 acres are improved. The number of farms has increased 22.2 per cent since 1910.

## CARDINAL GIBBONS IS BURIED AT BALTIMORE

(By Associated Press)  
BALTIMORE, Md., March 31.—With all the splendor of a ceremony centuries old, the Roman Catholic church today laid to rest one of its most revered and faithful servants, James Cardinal Gibbons, archbishop of Baltimore and the second American to be elevated to the cardinalate. Archbishop John Bonzano apostolic delegate at Washington, celebrated the pontifical requiem mass in the cathedral of the Blessed Virgin Mary with acclamations chanting Gregorian music never before heard outside theistine chapel in Rome.

Archbishop John A. Glennon, of St. Louis, delivered the funeral sermon. During his eulogy of the dead, there remained scarcely a dry eye among the mourners, whose memories went back to the kindly, gentle old man who led with the power of the spirit as well as with the power of the mind.

The service was like a scene from the middle ages, like an altar here come to life. Numberless priests in a seemingly endless procession filed into the church, clad in the stately robes of varied colors of their orders, and moved forward to the catafalque on which rested the late cardinal in his archbishop's vestments of purple. It was a harmony of color and sound as the light of the candles around the bier fell on the brilliant ceremonial robes of the priests, and the auditorium echoed to the measured chant of prayers.

## DIVIDE EX. ORE MILLING \$104

The Divide Extension continues to send its regular shipments of 20 tons daily to the MacNamara mill. The mill value average per ton is \$104. The ledge continues to hold in width and the values remain the same.

Another wave has been sent up cutting the rich vein. Few people outside of Tonopah realize that the Divide Extension is a mine, having passed from the prospect to the shipping stage. From all indications the extension is destined to become one of the big bullion shippers of southern Nevada, and it will be many a day before ore shipments cease to come from this property.
